

We are celebrating the resurrection of Jesus Christ this Easter. How wonderful to know that all our sins have been forgiven when we ask Him to forgive us. Have you asked Him to forgive you of all your sins? It is the only way to Heaven! Repentance brings new life and freedom into our lives that only Jesus can bring.

If you think you do not sin, allow the Holy Spirit to have your attention for just a few minutes.

Too many people think sin is something big and they have never done anything bad. Sin, is any wrong thought toward another person. Sin is talking negatively about others. Sin is telling dirty jokes! Sin is treating others unkindly. Sin is not walking in love toward those who have hurt you, or have done something wrong to you. Sin is abusive words spoken to your spouse or family. Sin is doing anything that is wrong!

The Bible tells us that if we have committed one sin, or broken even one of the ten commandments, we have broken them all. Sin is sin!

God did not communicate with Jesus when He hung on the cross. Jesus was bearing all of our sins and the Father cannot look upon sin.

When Jesus took our sins to the cross, it gave us the right to go to the Father and confess any wrong in our life and ask for forgiveness. Our confession restores our fellowship with the Father.

We do not want our fellowship with the Lord broken. We need to know He is hearing our prayers and helping us through each day of our lives.

He gave His only Son for us, the least we can do is obey the Word. He tells us we are to forgive those who come against us.

You could read the Lord's prayer in Matthew 9:6-13, and you will see the truth for yourself.

Remember, that Jesus went to the cross to bring you forgiveness, and new life. Receive Him today into your life. He loves you and wants you to put Him first in your life.

Go to church this Easter and thank the Lord for sending Jesus, just for you!
